 This written opinion is the <u>first</u> (first, etc.) drawn by this International Preliminary Examining Authority. This opinion contains indications relating to the following items: 				
I Basis of the opinion				
II Priority			10.120	
III Non-establishment o	of opinion with regard to n	novelty, inventive	step and industrial applicability	
IV Lack of unity of invention				
	V Reasoned statement under Rule 66.2 (a)(ii) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement			
VI Certain documents of	cited			
VII Certain defects in th	VII Certain defects in the international application			
VIII Certain observations on the international application				
3. The applicant is hereby invited to reply to this opinion.				
When? See the time limit indicated above. The applicant may, before the expiration of that time limit, request this Authority to grant an extension. See rule 66.2(d).				
How? By submitting a written reply, accompanied, where appropriate, by amendments, according to Rule 66.3. For the form and the language of the amendments, see Rules 66.8 and 66.9.				
Also For an additional opportunity to submit amendments, see Rule 66.4. For the examiner's obligation to consider amendments and/or arguments, see Rule 66.4 bis. For an informal communication with the examiner, see Rule 66.6				
If no reply is filed, the interna	If no reply is filed, the international preliminary examination report will be established on the basis of this opinion.			
 The final date by which the international preliminary examination report must be established according to Rule 69.2 is: 10 April 2005 (10.04.2005)

I.	Basis of the opinion
1.	With regard to the elements of the international application:*
	the international application as originally filed the description: pages 1-27, as originally filed pages NONE, filed with the demand pages NONE, filed with the letter of
	the claims: pages 28-35 pages NONE
	the drawings: pages 1-6 , as originally filed pages NONE , filed with the demand pages NONE , filed with the letter of
	the sequence listing part of the description: pages NONE, as originally filed pages NONE, filed with the demand pages NONE, filed with the letter of
	2. With regard to the language, all the elements marked above were available or furnished to this Authority in the language in which the international application was filed, unless otherwise indicated under this item. These elements were available or furnished to this Authority in the following language which is: the language of a translation furnished for the purposes of international search (under Rule23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination(under Rules 55.2 and/or 55.3). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the written opinion was drawn on the basis of the sequence listing: contained in the international application in printed form. filed together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readable form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listin has been furnished.
	4. The amendments have resulted in the cancellation of: the description, pages NONE the claims, Nos. NONE the drawings, sheets/fig NONE
	5. This opinion has been drawn as if (some of) the amendments had not been made, since they have been considered to go beyond the disclosure as filed, as indicated in the Supplemental Box (Rule 70.2(c)).
	* Replacement sheets which have been furnished to the receiving Office in response to an invitation under Article 14 are referred to this opinion as "originally filed."

Interior onal application No. PCT/US03/39472

l	V.	Reasoned statement under Rule 66.2(a)(ii) with regard to a	novelty,	inventive step or industrial	applicability;
L		citations and explanations supporting such statement		-	

1. STATEMENT

Novelty (N)	Claims	4-15, 18-30, 32-55 and 58-62	YES
	Claims	1-3, 16, 17, 31, 56 and 57	NO
Inventive Step (IS)	Claims	4-15, 18-30, 32-55 and 58-62	YES
	Claims	1-3. 16, 17, 31, 56 and 57	NO
Industrial Applicability (IA)	Claims	1-62	YES
	Claims	NONE	NO

2. CITATIONS AND EXPLANATIONS

Claims 1-3, 16, 17, 31, 56 and 57 lack novelty under PCT Article 33(2) as being anticipated by PAHLCK et al (US 5,320,835).

Claims 1-3, 16, 17, 31, 56 and 57 lack an inventive step under PCT Article 33(3) as being obvious over PAHLCK et al (US 5,320,835).

PAHLCK discloses cosmetic formulation that contains rupturable microcapsules having cores that comprise dyed solid particles and the solid particles are dispersed in hydrophobic carrier (abstract and examples I-XVIII).

Claims 4-15, 18-30, 32-55 and 58-62 meet the criteria set out in PCT Article 33(2)-(3), because the prior art does not teach or fairly suggest a composition comprising a carrier, capsules, sensorial indicia and a mixture of phenolphthalein, nonyl phenol polyoxyethylene ethanol, tridecyl polyoxyethylene ethanol and polyethylene glycol.

Claims 1-62 meet the criteria set out in PCT Article 33(4), and thus have industrial applicability because the subject matter claimed have industrial application in the cleansing art and can be made or used in industry.
